The oil and gas industry’s history of volatile swings in price, value, and demand require that CPAs serving this field not only remain attentive to these fluctuations, but also provide slick solutions that directly address them.

CRI is a full-service, super-regional CPA firm that has in-depth experience in the oil and gas industry. We are skilled in assisting explorers and developers, operators, drilling and service companies, and distributors involved in all phases of the extractive process. From calculating depletion allowances to amortizing intangible drilling costs, our services help you save barrels of time, money, and paperwork – regardless of your exact oil and/or gas specialization.
